transport

travel without compromise

Perfect for travelling with complete peace of mind, the roof bars, easy to fit and practical to use, allow you to optimise your Arkana's practicality by adding equipment dedicated to your journey. Transport everything you want: a ski rack for your boards and skis; a smart bicycle rack that allows you to freely access the boot and which protects your visibility. Lastly, your luggage will be safe in the lockable rigid roof box. Adventure is waiting for you.

ready to go

Choose the towbar that meets your needs. Retractable or removable models that don't need tools disappear easily when you do not need them: the style of your Arkana is preserved. Take your bikes even further with the foldable and tiltable Coach bicycle rack. It's very smart and allows you to easily access your boot even when your bikes are stowed on it.

1. **Coach towbar-mounted bicycle rack**

2. **Semi-electric retractable towbar pack**

protection

care at all times

Protect your Arkana's boot with its anti-slip and waterproof Easyflex protection that adapts to the seat configuration and rear bench seat by covering the entire load space. Muddy shoes after a walk? Choose a flexible, waterproof and easy-to-clean boot liner. Take care of the passenger compartment by choosing from a range of carpets to suit every need: Comfort textile mats that guarantee durability for everyday use, rubber mats with high edges that protect against moisture and retain mud. As for the bodywork, the transparent, fine and resistant protective film will help you protect it.

on-board experience

beyond your expectations

Enjoy the pleasure of relaxing with the cool box that keeps food and drinks at the right temperature. The rear shelf is perfect for enjoying a coffee that the Handpresso travel coffee machine takes care of! As for the Bluetooth® FOCAL audio headphones, they give you an authentic sound for your music. Once at your destination, put on your outfit, which has not lost any of its elegance thanks to the hanger attached to the back of your seat.

safety

choose safety

Enjoy peace of mind by installing an alarm that detects attempted opening, intrusion or movement. Combined with the anti-lift module, it is particularly dissuasive! With the anti-theft bolts, put your Arkana's elegant wheels out of temptation. You can also be reassured on the road to your favourite ski area, as Premium Grip chains are easy to install thanks to their intuitive fitting. They will give you optimum grip on the most snowy roads for a safe journey. Lastly, protect what is most important to you thanks to the Trifix i-Size child seat.
